Objective

Motivated and detail-oriented web developer with a strong foundation in HTML, CSS, JavaScript, and React.js. Seeking to leverage my skills and passion for web development to contribute to a dynamic team and deliver impactful user experiences.

Education

Bachelor of Computer Administration
Punjab Technical University, Jalandhar, Punjab
Graduation Date: May 2011

Master in Information Technology
Guru Nanak Dev University, Amritsar, Punjab
Graduation Date: May 2015

Technical Skills

- **Languages & Technologies: HTML, CSS, JavaScript, React.js**

- **Frameworks & Libraries: React Router, Redux**

- **Tools: Git, npm, Visual Studio Code**

- **Version Control: GitHub**

- **Responsive Design: Flexbox, CSS Grid, Media Queries**

- **Additional Skills: Problem-solving, Debugging, Cross-browser compatibility**

Projects

💬 **Chat App**

- **Built a real-time chat application with user registration, login, online user management, and one-to-one messaging.**

- **Link: free-api-chat.vercel.app**

🖼️ **Image Slider**

- **Developed a responsive image slider using javascript.**

- **Hosted on Vercel: [Image Slider](#)**

🚴 **Rider App**

- **Designed an app with react.js for ordering food and drinks, with a dynamic list showing selected items and their quantities.**

- **Link: [rider-app-ebf3.vercel.app](#)**

❓ **Quiz App**

- **Created a multiple-choice quiz application using javascript.**

- **Features include score tracking, instant feedback, and final result display.**

- **Link: [quizz-app-rosy.vercel.app](#)**

🎨 Select Random Color App

- Developed a dynamic web application using HTML, CSS, and JavaScript to generate random background and text colors.

- Used JavaScript to handle color generation logic and apply changes to the DOM in real time.

- Designed a clean and user-friendly interface with responsive styling.

- Great for practicing DOM manipulation and event handling.
